

Once upon a time...an incredible success story !

Saint Benoit French High School : Official exam center

A wonderful tale

Once upon a time a girl called Ceren enrolled in Saint Benoit French High School in 2015 and started studying here French and English. She studied hard, did all she was asked to do and also participated in activities like the MUN Club and finally became one of the Secretaries General of the SBMUN conference.

She improved her level of English so much that she also decided to take the Cambridge exam at stage C2. AS the Cambridge authorities said that there were not enough candidates to take the the C2 exam she could only take the C1 exam.

But then something wonderful happened !

She got such a high score that she reached 204 and received a certificate at stage C2, which is mother language level !

She became the champion of Cambridge English Assessment exams at Saint Benoit, in Istanbul even in Turkey !

And she lived happily ever after...

Success and certification in English - Saint Benoit : Official exam center

In the academic year of 2017- 2018 students of Saint Benoit have managed again to reach outstanding results in B2 and C1 exams. Our school is the only establishment in Istanbul being an official exam and preparation center in Istanbul at level C1 and C2 Our students can take the Cambridge exams from as early as Prep Class and at all grades at all levels, i.e. B2, C1 and C2. Ceren is only one of many students that have received C2 certificates since the year 2006 when our school became **official exam center for Cambridge English Exams at the above mentioned levels.**

Go for it !

This academic year as well, we are encouraging our students at all levels to take the exams, as they are valid for life and offer a proof for their level of English even when applying for university or a job later in their lives.

Who knows, maybe you will be the next hero in an amazing fantastic story ?
